Certificate

Human toxicological innocuousness of

AKEMI® PLATINUM MAXI POWER flowing
AKEMI® PLATINUM MAXI POWER knife-grade
AKEMI® COLOUR BOND MAXI POWER

**for bonding/repair of natural and artificial stones with food
contact**

The products of the manufacturer/supplier:

AKEMI chemisch technische Spezialfabrik GmbH, Lechstr. 28 in D-90451 Nürnberg

with the trade-names AKEMI® PLATINUM MAXI POWER flowing, AKEMI® PLATINUM MAXI POWER knife-grade and AKEMI® COLOUR BOND MAXI POWER comprise two-component adhesives based on unsaturated epoxy acrylate resins dissolved in Styrene used for bonding/repair of natural and artificial stones. These cured adhesives can come into contact with food, such that human (indirect) exposure may potentially be possible.

For these products the document „*Humantoxikologische Bewertung von AKEMI® PLATINUM MAXI POWER flüssig, AKEMI® PLATINUM MAXI POWER L-Spezial AKEMI® PLATINUM MAXI POWER L-Spezial und AKEMI® COLOUR BOND MAXI POWER zur Verklebung von Natur- und Kunststeinflächen mit Lebensmittelkontakt*“ (in English: “Human toxicological evaluation of AKEMI® PLATINUM MAXI POWER flowing, AKEMI® PLATINUM MAXI POWER knife-grade and AKEMI®

Registered Toxicologist (ERT)

COLOUR BOND MAXI POWER for bonding of natural and artificial stones in contact with food“), dated 07/07/2025, has been prepared.

Herein it was concluded, that the before mentioned products are to be regarded as safe when taking into account their intended use for bonding/repair of natural and artificial stones; a risk for adverse effects to human health does not exist.

These products do therefore fulfil the mandatory safety requirements of Regulation (EU) 2023/988 on general product safety; particularly are these in legal compliance with the (German) Code for food, consumer goods and feed considering provisions of Regulation (EC) No 1935/2004 on materials and articles intended to come into contact with food.
